For more than six decades, fire fighters have fueled MDA's mission to find treatments and cures for life-threatening muscle diseases. Muscular dystrophy and other related life-threatening diseases take away people's ability to walk, move, smile, talk and even breathe.

Funds raised through 2015 Bristol Fill the Boot drive support MDA's life-enhancing programs such as state-of-the-art support groups and clinics, including the MDA Clinics at Children's and Froedtert Hospital. They also make MDA summer camp possible so kids with muscle disease can enjoy "the best week of the year" at Camp Wonderland in Kenosha, and nearly 80 other locations nationwide.
