Residents of Bristol will receive a free sapling in honor of Arbor Day and to enhance our environment.

This is a great event for anyone interested in personal safety. Health and safety professionals will be on hand to educate you and your family on ways to improve your personal safety.

There will be a car seat safety clinic, health and wellness screenings, free bike registration, fire extinguisher training and demos, tours of the Fire Department, hear about the vial for life program for the elderly, learn about the neighborhood watch program and much more!

### Participants include:
