April 10, 2012

Subject: **PUBLIC INFORMATION MEETING**
Project ID#: 3732-00-00
US 45 and County K Intersection
Village of Bristol, Kenosha County

Dear Property Owner or Resident:

You are invited to attend a public information meeting to learn about the upcoming reconstruction of the intersection of US 45 and County K (Bristol Road & 60th Street). A project location map is attached.

Where: Kenosha County Center – Hearing Room
19600 75th Street
Village of Bristol, Wisconsin

When: Tuesday, April 24th, 2012
5 pm to 7 pm

The purpose of this meeting is to introduce the project team, review preliminary intersection improvements, and to obtain public input related to the project. The meeting will follow an informal open house format where representatives from the WisDOT project team will be available to discuss the proposed project and address any questions or concerns. A formal presentation will not be given.

The US 45 and County K intersection has experienced more than double the allowable threshold of crashes per year. The majority of the collisions at this intersection have resulted in either injuries or fatalities, making this intersection listed in the top 5% of hazardous intersections in the region, and qualifying for the federal Highway Safety Improvement Program (HSIP) funding. To improve the intersection of US 45 and County K, several control options were evaluated by comparing costs, environmental impacts and the reduction of collisions and overall improvement to safety of the intersection. Exhibits of the options will be on display and informational handouts will be provided. The intersection reconstruction is expected to be constructed in 2017.

If you have any questions or concerns that may assist in the development of this project, we encourage you to attend the meeting. If you have questions or would like more information please feel free to contact Janet Cannon, P.E., Project Manager, WisDOT, Southeast Region at (262) 548-6890 or janet.cannon@dot.wi.gov. Citizens who are deaf or hard of hearing and require an interpreter may request one by contacting Janet Cannon at least three working days prior to the meeting via the Wisconsin Telecommunications Relay System (Dial 711).

Sincerely,

A handwritten signature in black ink, appearing to read "Janet Cannon".

Janet Cannon
WisDOT Project Leader
