

What Is Crime Stoppers?

CRIME STOPPERS is a program which involves the public, the media and the police in a fight against crime.

It offers anonymity and cash rewards to persons who furnish information leading to the arrest and the filing of criminal charges against crime offenders and the capture of fugitives.

Anonymity overcomes fear of involvement and cash overcomes apathy.

How Does It Work?

CRIME STOPPERS is a community program. The responsibilities for establishing policy, raising funds and controlling the amount of reward payments rests with the Board of Directors made up of involved citizens.

When a call is received by **CRIME STOPPERS**, it is logged with the date, time, and a brief summary of the caller's information. Callers are furnished with a secret code number which is used in subsequent transactions.

Callers may remain anonymous, with no pressure to reveal their identity and still collect their rewards.

If a caller's information results in the arrest and the filing of a criminal charge against a suspected crime offender or the apprehension of a fugitive, arrangements may then be made so that the person can receive his/her reward in **CASH** and preserve his/her anonymity.

The Board of Directors oversee the program and approve the rewards to be paid based on information presented by the Police Coordinator.
