

Residents of Bristol:

In coordination with the ongoing Highway 45 construction project you may notice stakes with colored flags. These stakes have been placed by the Wisconsin Department of Transportation and are there for the appraisers. Here is an explanation of those flags:

1. Blue signifies a temporary grading easement.
2. Pink signifies a fee acquisition, or a purchase by the DOT.
3. Yellow signifies an existing Right-of-Way.

If you have any questions, please call the Bristol Village Office at 262-857-2368 and ask for Randy Kerkman.

You may also call Brian Pleumer, with the Wisconsin DOT. He is the WisDOT SE Project Manager. His phone number is 262-548-6721.
